

Eagle Lake Nurseries Garden Centre

would like to take this opportunity to congratulate Rose Hamrlik a resident of Strathmore, Alberta on her winnings of the International Communities in Bloom Contest for 2009. Rose is a long-time gardener who loves to garden. Rose visits us every year in our Garden Centre with new and creative ideas she has planned for her garden. We are so delighted that she has now been awarded for her love of gardening! Rose was entered into the container gardening section for medium sized gardens and won the category for all of Canada!

Way to go Rose!
