Things to think about for Spring!

Custom Planters

If you need help with your planters next spring we also do custom planters, just bring in your own planters/ pots or if they need refreshing you can purchase new ones here and we can plant them up for you.

Next Year's Garden

Over winter is a good time to plan your new beds and vegetable gardens.

Don't be afraid to use perennial s for potted displays. Perennials herbs such as Chocolate Mint and English Lavender do very well in pots.

Gaillardia and rudbeckia will brighten up any patio! Check out our catalogue and gardening tips to help get you on your way.

Annuals

As well as planning your perennial gardens, save some room for your annuals. They are excellent choices for pots and window boxes as well as creating fabulous flower beds.
